Note: In accordance with guidelines outlined in [Achieve \(2018\). Criteria for Procuring and Evaluating High-Quality and Aligned Summative Science Assessments](#), (p.12) “All multi-component tasks [developed for the ISASP] require students to explicitly apply at least two dimensions at appropriate levels of sophistication to successfully complete the task....Collectively, the successful completion of the set of tasks and tasks targeting a PE or bundle of PEs reveals sufficient...evidence of student proficiency for a given PE or bundle of PEs including all three dimensions.”
